The Door of Opportunity

### Prosperity Speaks

I try to visit all the folks,  
But that is hard to do,  
Especially when "Depression"  
Is going against me too.  
But when the skies are blue again,  
And all the grass is green,  
I'll sit right in your midst once more  
And be your wordly queen.

So wait my friends, wait patiently,  
'Till "Old Depression's" dead,  
Until that giant is conquered,  
Then I'll come out ahead;  
Or else until he's locked up tight  
Within an iron jail  
Where, I assure you, friends of mine,  
He'll ne'er get out on bail.

## Ninth Year Dramatic Club

Ever since our school opened there has been an organization known as the Dramatic Club. Under the leadership of very capable instructors it has accomplished great works in the art of acting. This successful club has not only presented plays of merit, but it has also taught its members the fundamentals of acting. During the present term the members of the club have been working on a mystery play under the direction of the present leader, Miss Tiffany.

Let us hope that during the coming years of this school the Dramatic Club will continue to be as successful in the future as it has been in the past.

## The Lyceum

In Washington Junior High School there is an organization known as the Lyceum. The purpose of this organization is to give its members practice in debating and public speaking. In later life this practice will help one greatly, no matter what occupation one may choose to earn his living.

This year the Lyceum held a debate in one of the weekly assemblies on the subject, Resolved; That The War Debts Should Be Cancelled. The affirmative side was upheld by Arwood Ruttenber, Horace Hitchcock, George Jones and Anthony Cala, alternate. The negative side was upheld by Angelo Trippi, George Rappole, Charles Phillips and William Shearman, alternate. The negative side won by a judges vote of two to one.

The Lyceum this year is composed of the following boys: Charles Phillips President, Angelo Trippi Vice President, Horace Hitchcock Secretary and Treasurer Arwood Ruttenber, William Shearman, Anthony Cala, George Jones, George Rappole, Mr. Belknap Instructor.

## The Washington Junior High School Band

The Washington Junior High School Band, which consists of 40 members is under the able direction of Mr. Arthur R. Goranson. On April 28, the band, massed with the bands of the other two junior high schools, went to Fredonia. We did not compete but played three selections in the auditorium of the Fredonia Normal School. They were "The Headway March" by Bennett "Organ Melody" by Chenette and "The Victory Overture" by Taylor. On the front lawn of the school, massed with all other bands attending the festival, we then played "Military Escort" by Bennett, "Our Director" by Bigelow and "Thunder March" by Sousa. While in this formation, pictures were taken which were published in several New York State papers.

On Thursday, June first a concert was given by the massed band of the three junior high schools of this city.

We appreciate and thank Mr. Goranson for the time and effort he has given toward making our band a success.

Walter F. Shaw, Jr.

# BOYS' ATHLETICS

## Wrestling

Jefferson proved to have the better balanced team, winning in all but one event. The Washington team threatened to dethrone the Jefferson team with numerous victories in the heavyweight division, but the large number of defeats in the middleweight division caused Jefferson's victory and Washington's downfall. The results of the meet are as follows:

Standings.	1st Jefferson	72 points
	2nd Washington	36 points
	3rd Lincoln	10 points

## Cross Country Run

Winning 2nd, 3rd, 4th and 5th places the boys of Coach Ruben's red and white team proved the downfall of Jefferson and Lincoln, although a Jefferson runner took first place.

Standings:	1st Washington
	2nd Jefferson
	3rd Lincoln

## Volley Ball

Washington after defeating Lincoln found Jefferson to be supreme, losing six straight games to her, thus giving Jefferson the championship.

Standings:	1st Jefferson

	3rd Lincoln

## Indoor Meet

The Lincoln boys captured this event. They won the broad jump and basket shooting but lost to Jefferson in the chinning. The West Siders were very closely followed by the Washington team.

## Basket Ball

The Basket Ball Championship was won by Jefferson only after a hard fought series of games had been played. The last scheduled game found Jefferson and Washington both tie for first place making this game the championship game. In the early part of the game the Jefferson boys drew into the lead and were never once threatened from her lead.

## God's Gifts

The cooling breeze,  
The leafy trees,  
The birds sweet song,  
The day so long,  
God gave us all these gifts.

He gave us light,  
He gave us night,  
He also gave the hills,  
He gave the ground the farmer tills,  
God gave us all these gifts.

He gave the birds,  
He gave the herds,  
He also gave us bread,  
He gave the lead, that's also used.  
God gave us all these gifts.

## The Trials and Tribulations of a Boy in His Teens

This essay is not for girls or unsympathizing old women, for it tells of the trials and tribulations of a boy in his teens. I will try to tell some of our hardships. Of course I do not mean to criticize our parents, for they have the right idea and all that, but they pile it on too thick. The "it" I speak of is having always to remember to do the right thing at the right time.

Of course I believe that a boy should do his part in the work around the house but it is quite possible for parents to expect too much. It is reasonable for them to expect him to wipe the dishes at least once a day, mow the lawn and do other chores. But when it gets so that he can not sit down to read a book without such remarks as, "Are you sitting on our new davenport with those dirty clothes on?" or "Come here and put these books away!" when he is going to use them in just a few minutes, or "Did you take your codliver oil after dinner?" - that is when they expect too much.

They also apparently think that he is tied so tightly to his mother's apron-strings that it is a sin for him to break away. When a fellow wants to go fishing or out to the woods they think that some one will "get" him or he will fall in the water. They also must believe that if he gets his feet wet or sits in a draught, he will catch cold, develop pneumonia, and die.

When he comes into the house he hears, "Son wipe off your feet" as sure as fate. If he doesn't, he thinks something must be wrong.

Parents ought to make some allowances for special occasions such as when a boy is wiping dishes and he hears some boys out front playing baseball. And he has to finish wiping the dishes! Then some little fairy ought to come along and say, "If you will give me a piece of angel food cake I'll finish wiping your dishes."

Don't we stay inside enough in school without having to, outside of school? Aren't we nagged enough in school without having to be outside of school?

---

Mr. Belknap said in his Economic Citizenship class that we should love, cherish and protect our text books. We may have to marry them before we're through.

## The History of Washington Junior High School

The length of time taken to build the Washington Junior High School was about one year and the cost was 450,000 dollars. The school and its grounds consist of twenty acres. The corner stone was laid at the south west corner in 1923. Regular classes began in September 1924. The carpenters were still working at the time. In front of the school there were only large piles of rocks and no trees or bushes around. All the rooms were used and 34 teachers were employed. There are 27 class rooms and a study hall, a library and a gymnasium. There are 35 teachers employed now.

The teachers who taught the first year and are still teaching here now are: Miss Susanna Calahane; Miss Lora Belle Lepar; Miss Ellen Williams; Miss Teresa Shanahan; Miss Dora Merrill; Miss Gertrude Bond; Miss Sarah Gortner; Miss Harriet Shannon; Miss Clara Carpenter; Miss Linnie Stanton; Miss Clara Hazeltine; Miss Madge Price; and Mrs. Jennie Torrance.

Mr. Gustavus E. Bentley has always been principal of the school and we hope he will be for some time in the future. Miss Clara Carpenter has been the girls advisor since the school was opened. The boys' advisor was Mr. William Torrance but later Mr. C. Parks Belknap was employed for the position.

During the first year of school the day was divided into 5 periods instead of 6. There were no study periods. The assembly was held the same period each week. The time taken for the assembly was not taken off all the periods but one whole period was used. The number of pupils registered each year of the nine years are as follows:

1924	.....	unknown
1925	.....	634
1926	.....	695
1927	.....	725
1928	.....	724
1929	.....	707
1930	.....	719
1931	.....	751
1932	.....	764
